

Product name: **Polyketomycin**
Molecular Formula: $C_{44}H_{48}O_{18}$
Molecular weight: 864.852
CAS-Number: 200625-47-4
Assay: minimum 90% (HPLC)
Producer: *Streptomyces diastatochromogenes*

Storage Temp.: $-20^{\circ}C$

Literature References:

Comments:

tetracyclic quinone-glycoside antibiotic

Biochemical/physiological actions:

antitumor, antibacterial

Structure:
